COVID UPDATE

Due to Department COVID restrictions visitors to the school are limited.

Visitors to the school are required to hand sanitise, wear masks when indoors and check in using the schools QR code.

Parents are encouraged to drop off, kiss good-bye and then leave the school grounds asap.

School Attendance

Regular attendance at school is essential to assist students to maximise their potential.

Notification of absence

Parents and carers are responsible and required to explain the absences of their children from school promptly and within seven school days to the school. A child's explanation is not acceptable, notification MUST come from parents or carers.

Partial Absences including arriving late (after 9:00am) leaving early, middle of the day appointments are also required to be recorded and explained.

These explanations can be: -

Written - a note from the parent (proforma attached) or a doctor's certificate explaining the absence.

Electronic - an email to

Alison.king5@det.nsw.edu.au or

message a text message to 0488577170.

Parents and carers are asked to notify the school the morning on the day their child is absent or ASAP. Early notification of an absence is very much appreciated by the staff at Pooncarie. It is a requirement that the school follows up any absence, if no explanation of an absence is given the school is required to contact parents and carers.
